

## Technical Data Sheet

# Extrasol

## Fast Acting Solvent Degreaser & Cleaner

### Safer Solvent Cleaner

- Does not damage the ozone layer
- Free from harmful aromatics
- Mild odour
- Has excellent degreasing properties
- Dries residue free
- Cost effective

### USES

- Cleaning and degreasing machine parts
- Cleaning Tools
- Degreasing of metals
- Cleaning tar and bitumen from tools and equipment
- Degreasing bearings
- Cleaning electrical parts
- Cleaning oil soaked filters
- Use for all types of cold cleaning applications

### APPLICATION

**Extrasol** should be always be used cold and not mixed with water. May be sprayed on, used in cold dip tanks, or used on a cloth for wiping down etc. Drying times are reduced if excess product is removed from the work piece with a cloth or compressed air.

**Extrasol** leaves no residues on evaporation.

**Part Number: ML-76101**
