

## **Technical Data Sheet**

### **INDU-TEK PREMIUM COPPER ANTI-SEIZE**

#### **High Temperature Anti-Seize Compound**

Premium Copper Anti-Seize is an effective anti-seize formulation, preventing metal-to-metal contact, seizing, galling and fretting corrosion.

Premium Copper Anti-Seize forms a protective coating that will not wash or burn off, even under extreme stress and high temperatures.

#### **Applications: -**

Ideal for use on bolts, nuts, pins, flanges, bushings, fittings, linkages and many more applications.

It is ideally suited for high temperature applications such as exhaust systems, brake pads, furnace mechanisms etc.

#### **Features and Benefits: -**

- Reduces friction & wear
- Excellent sealing even in corrosive environments
- Lead & Nickel Free
- Enables easy disassembly of threaded parts, gaskets, and flanges etc.
- Resists Hot & Cold Water and Chemicals
- Lubricates, protects and eases dismantling

#### **Method of Application: -**

For best results use on both male & female parts.

Use in well ventilated areas.

Also available as Indu-Tek Copper Ease Aerosol Sprays.

Part Number: ML-81009
